GENERAL INFORMATION

California State Trade Expansion Program Overview

The California State Trade Expansion Program (STEP) is administered by the California Governor’s Office of Business and Economic Development (GO-Biz), and funded in part through a Cooperative Agreement with the U.S. Small Business Administration (SBA).

STEP seeks to increase the number of eligible small business exporters, and to increase the volume of goods and services they export. STEP offers support to small businesses through a series of STEP Events, which include exhibitions under state pavilions at pre-selected international trade shows and trade missions, and through reimbursable grants known as Export Vouchers.

Eligible California small businesses can participate in up to two (2) STEP Events per federal fiscal year. Participation in additional events will be considered pending space and funding availability. For the Export Voucher, eligible businesses can be reimbursed for up to 75% of pre-approved expenses, with a maximum limit of $10,000 within the federal fiscal year.

Participation Eligibility Criteria

1. Must be a for-profit business.
2. Must be organized or incorporated in the United States of America.
3. Must have significant operations in California.

   b. Sole Proprietors must provide proof of registration or status by uploading relevant documentation to the STEP grant portal. Documentation may include:

7. Must be in business for at least one year at the time the approved export promotion activity takes place.
8. Must have sufficient resources to defray the costs associated with trade, which can include packing, shipping, freight, and customs brokerage costs.

STEP EVENTS

STEP Event Overview

Eligible California businesses can participate in up to two (2) STEP Events per federal fiscal year. Participation in additional events will be considered pending space and funding availability. STEP Events are export promotion activities led by GO-Biz and/or partners that offer California businesses activities designed to connect them to international sales opportunities in foreign markets. STEP Events are made up of virtual or in-person Foreign Trade Missions, International Trade Shows, Product Showcases and Seminars, and other export-focused matchmaking programs.

EXPORT VOUCHER

Export Voucher Overview

Export Vouchers allow eligible companies to propose their own export promotion activities for reimbursement for up to 75% of pre-approved expenses, with a maximum reimbursement of $10,000 within the federal fiscal year. Applications for Export Voucher(s) must be submitted prior to the planned activity and within the appropriate application round. Requests for retroactive activities, i.e., activities the business already completed, will NOT be considered for reimbursement.

Funding Criteria

- The Export Voucher is very competitive, and GO-Biz may award a small business with an Export Voucher reimbursement of a lesser amount than requested in the application. Export Voucher amounts will be based on a number of criteria, including the strength of the application, the number of applicants, and the availability of funding.
- Application submission is not a guarantee of funding. If a business decides to expend funds before receiving confirmation of an Export Voucher, they may not be reimbursed.
- Export Vouchers will be awarded until all available STEP funds have been disbursed, or when the Export Voucher application has closed, whichever comes first.

2. **Proof of Payment** – proof of payment is required for all expenses. The following forms of payment and proof are acceptable: credit card/bank statement; check; cash receipt; credit/debit memo.

FREQUENTLY ASKED QUESTIONS

Q: My entity status with the California Secretary of State is not active, am I still eligible?
A: No. We cannot move forward with an application until the status with the California Secretary of State is active. For more information on why your business entity is suspended/forfeited and how to revive it, please visit sos.ca.gov.

Q: Can two businesses with the same owner or parent company be eligible to receive STEP funding in the same year?
A: No. If two or more businesses are owned by the same parent company, then the parent company is the applicant and is eligible for only one award per funding period. Please note that the parent company must also meet the STEP eligibility requirements, factoring in its own business size/revenue and those of its subsidiaries.

Q: Can I use STEP funding to help start a business?
A: No. STEP funds are not business start-up funds. Eligible companies must be in business for a minimum of one year prior to participating in the STEP program. If you are new-to-export, you will need to demonstrate that your business has an export strategy in place.

Q: Is STEP only for businesses that already export?
A: No, the grant is designed to help businesses that are new to exporting and those that are looking to expand their export activities.

Q: I have previously applied for STEP, do I have to apply again?
A: Yes, each time you wish to request funds you must submit a new application.

Q: Do I have to pay back any funding that is received?
A: No, these are grant funds, so no payback is necessary. Please note, however, that this is a reimbursable grant. That means that the company will incur costs for the pre-approved activity or activities before receiving the grant reimbursement.
