

# CALIFORNIA TRADE MISSION:

## Aerospace and Defense Warsaw and Rzeszów, Poland

**November 12-18, 2026**

### **UNCOVER OPPORTUNITIES IN THE POLISH AEROSPACE AND DEFENSE MARKET**

California companies are invited to join a high-level trade mission to Poland focused on aerospace, defense, and dual-use technologies.

Driven by increased NATO investment and regional security priorities, Poland has become a strategic gateway for U.S. aerospace and defense companies seeking opportunities across Central and Eastern Europe. Strong demand for advanced technologies, unmanned systems, aerospace components, cybersecurity, and infrastructure resilience creates significant opportunities for California companies.

This mission will provide direct access to one of Europe's fastest-growing defense and aviation markets at a pivotal moment for transatlantic cooperation, industrial modernization, and Ukraine reconstruction efforts. Participants will engage in business matchmaking, market briefings, site visits, and networking with key public- and private-sector stakeholders in Warsaw and Rzeszów, home to Poland's internationally recognized Aviation Valley aerospace cluster.

### **MISSION HIGHLIGHTS**

- Business briefings and market intelligence sessions in Warsaw and Rzeszów
- Curated business-to-business matchmaking with Polish industry leaders and regional partners
- Site visits to aerospace and innovation facilities
- Engagement with Poland's leading aerospace and defense organizations
- Networking with senior government officials, business associations, and transatlantic partners

**PARTICIPATION FEE: \$2,000**
